DEFENSE SYSTEMS GROUP		

I am pleased to announce that effective November 28, 1983, Nat W. Trembath is appointed Assistant General Manager for Programs of the Defense Systems Group. He is a Vice President of DSG, and was formerly General Manager of the Ballistic Missiles Division.

Nat joined TRW in 1956 and worked in the Electronics Systems Division until his transfer to BMD at San Bernardino in 1977. He has been General Manager of BMD since 1979.

During his career with TRW, Nat has worked in the areas of guidance and control, electronic communications and data processing, and missile systems. He has held both line and project management assignments.

We welcome Nat on his return to Space Park and wish him well in his new assignment. Please give him your full support.

  
J. R. Burnett  
Vice President and General Manager  
Defense Systems Group

  
G. E. Solomon  
Executive Vice President  
TRW Electronics and Defense
